

## PRESS RELEASE

### Echo Group and Energy Australia

Echo Group Corporation Pty Ltd is excited to announce EnergyAustralia has purchased a 49% share in the energy division.

Echo Group creates smart, integrated energy solutions designed to solve today's challenges. Our energy brands include Cherry Energy Solutions, littil and eko energy.

Echo Group is the third largest solar installer nationally\* and leading supplier and installer of LED lighting, battery storage and energy monitoring.

Both companies have a focus on innovation and cutting-edge technology and this investment will give our customers better and faster access to those technologies.

Echo Group is committed to continuing to provide customer service excellence, technical expertise and advice as well as savings and value for money.

CEO Erik Zimmerman said he welcomes EnergyAustralia as a strategic partner. "Our companies have much in common: a joint ambition to delight customers and lead the transition to a clean energy future. Together, we look forward to bringing these technologies to life for the considerable EnergyAustralia customer base and beyond."

Ben Wright, COO added "Echo Group has a proud history of providing forward thinking, customer focused solutions. Our people take great pride and care in everything that we do. The combined capabilities of the two businesses are immense hence we're incredibly excited to be able to work with the broader Energy Australia team and customer base. We can't wait for the journey to begin."
